The Connecticut Housing Finance Authority is inviting applications for a full-time Senior Systems Developer position. The Senior Systems Developer will provide application development, including designing, coding, testing, deploying, documenting and supporting of new and existing database drive applications.

Examples of Duties: Provide a lead role in designing, developing, and implementing new applications and new techniques. Maintain, adapt, and update existing applications to meet user requirements and to enhance program efficiency. Analyze, develop, write, document, test, debug and implement programs, stored procedures and reports. Adhere to standards, design, documentation, and testing while maintaining appropriate quality levels. Actively participates and/or leads troubleshooting procedures to assist in correction of system problems. Creation of technical documentation throughout software development lifecycle.

Minimum Qualifications: Requires a BS/BA in business administration or computer science or equivalent level of education and experience; five (5) – eight (8) years' experience across full lifecycle application design and development. Development experience in Microsoft™ Technologies (VB.NET, ASP.NET) and programming experience in Microsoft™ SQL Server (transact-SQL, stored procedures, etc). Development experience in report writing utilizing Crystal Reports. Experience in creating Object Oriented designs and implementations. Excellent analytical and problem solving techniques.

Special Knowledge: Certifications in Microsoft™ technologies a plus.

Application Instructions: Interested and qualified candidates who meet the above requirements should submit a cover letter, a resume, and salary requirements to:
